We're thrilled to share the latest updates to CAPCA's continuing education (CE) tracking software, [CE Hours Reported!](#)

New Features Released:

- **QR Code Scanning:** Attendees will receive a unique QR code, similar to a boarding pass, via our web app. Sponsors can instantly scan it to add the Attendee to the roster and check them in, ensuring a quick entry process and eliminating clerical errors. [See a quick demonstration here.](#)
- **Duplicate Courses:** Sponsors can now easily duplicate courses with just a click, saving time and effort.
- **Send all VOAs with One Click:** Sponsors can send Verifications of Attendance (VOAs) to all Attendees with a single click, streamlining post-event tasks.

Forthcoming Features:

- **Comprehensive DPR Hours Report:** We're eager to announce that the integration between CE Hours Reported and CAPCA.com is expected to be complete in April. CAPCA Members will be able to view their hours from both the legacy system and CE Hours Reported in one convenient location.
