

CAPCA

AT THE CENTER OF PLANT HEALTH

Latest Information from CAPCA

Hello CAPCA Supporters,

License renewal season is here, and CAPCA is ready to help you navigate it with ease and confidence!

For over 30 years, we have been and continue to be the trusted source in CE tracking. In 2024, in response to DPR's 2024 regulatory updates, we developed and launched a modern, user-friendly platform: CE Hours Reported, available at cereported.com. This centralized tracking system is completely free for attendees and CE Sponsors—whether or not you're a CAPCA member—and is already utilized and trusted by over 300 CE Sponsors, with more joining every day.

When selecting CE courses to attend, look for the CE Hours Reported mark to ensure your hours are automatically tracked and applied toward your license renewal summary. While most sponsors use our new system, a few have chosen not to. To ensure you're covered, we've added the **'Self-Report CE' tool** to your CAPCA dashboard, located under the CE Tracking and CAPCA Membership area.

If you attend a course from a non-participating sponsor (examples have been listed on our [DPR Renewal Hub](#) under the FAQ section), simply enter your Verification of Attendance or Certificate of Completion, and your hours will be

included in your renewal summary.

CAPCA is working tirelessly to ensure you have a fully documented CE renewal summary. Accurate, trackable documentation protects you in many ways—it supports your license, simplifies future renewals, and gives you peace of mind.

INVEST WHERE IT MATTERS

When you **choose CAPCA** for event participation, you're investing in more than a registration. You're **supporting the only non-profit member association dedicated** to advocating for California's license holders, applicator professionals, and the future of pest management.

We know other CE options are out there, some hosted by for-profit companies. But when you attend non-CAPCA-sponsored events, your dollars stop at the door. **With CAPCA, your support impacts** advocacy, education, and elevating the profession you and your predecessors have built through your hard work and dedication.

Your professional investment matters. Make it count with CAPCA!

RENO, NV | OCT 19th - 21st, 2025

PARTICIPATE IN A SURVEY TO HELP US BASELINE THE RAT ISSUE

Along with Western Growers and the Almond Board of California, CAPCA developed a survey to assess the scope of current rat infestations.

Telus Ag and Consumer Goods have also added the survey to the dashboard of PCAs and growers in impacted geographies. If you have not completed the survey, click on the QR code below to share your experiences and join the update network.

Regardless of the commodity impacted, your participation gives us tangible data in our request to update the economic impact of rat

UNITEDAG VOCATIONAL SCHOLARSHIP OPPORTUNITY OPEN TO CAPCA MEMBERS

As a CAPCA Member, you are eligible to apply for UnitedAg's Vocational Scholarship Program!
