Latest Information from CAPCA

INVEST WHERE IT MATTERS

When you **choose CAPCA** for event participation, you're investing in more than a registration. You're **supporting the only non-profit member association dedicated** to advocating for California's license holders, applicator professionals, and the future of pest management.

We know other CE options are out there, some hosted by for-profit companies. But when you attend non-CAPCA-sponsored events, your dollars stop at the door. **With CAPCA, your support impacts** advocacy, education, and elevating the profession you and your predecessors have built through your hard work and dedication.

Your professional investment matters. Make it count with CAPCA!

Along with Western Growers and the Almond Board of California, CAPCA developed a survey to assess the scope of current rat infestations.

If you have not completed the survey, click on the QR code below to share your experiences and join the update network.

Regardless of the commodity impacted, your participation gives us tangible data in our request to update the economic impact of rat infestation on growers across the valley.

No rats? We still want to hear from you! Fill out the survey, and you will be entered to win a 2025 Conference registration.
