Annual CAPCA
Conference &
Agri-Expo

REGISTRATION IS OPEN!

NEW Lowest Price Possible- Early bird member pricing is **\$395**, reflecting our continued effort to keep the conference accessible while delivering three days of gold-standard continuing education, meal events, and networking opportunities. From **advocacy that protects your license** to, historically, **the most in-person DPR hours available**, no other program brings together this many PCAs, exhibitors, and industry leaders in one place.

CAPCA CONFERENCE & AGRI-EXPO

- Historically, the highest in-person DPR Hours
- 1,000+ Attendees - the largest PCA gathering of the year
- 120+ Exhibitors & Sponsors
- Topics That Matter
- More Ways to Connect - Welcome Happy Hour, social gatherings, raffles, and more!

- **Statewide Recognition & Influence** - connect with regulators & industry leaders

Other Events

- Just another dollar in someone's for-profit pocket
- Minimal, if any, in-person DPR Hours

Your predecessors built CAPCA to support license holders across California. Today, that same support is here for you.

Don't compromise; choose CAPCA.

CE HOURS REPORTED: IMPORTANT NAME UPDATE

Take Action to Ensure Your CE Credits Are Tracked

NOTICE: The California Department of Pesticide Regulation now requires attendee rosters to list legal names—not nicknames—for CE reporting. Rosters with nicknames are being rejected, which could affect your CE hours and certification status.

To avoid issues and ensure your CE credits are recorded correctly, please **update your CE Hours Reported account** so it shows your legal name as it appears on your DPR license. This will help prevent disruptions and keep your records compliant.

If you're unsure of your legal name on file with DPR, check your DPR records or DPR license and update your CE Hours Reported profile right away.

Last fall, **CAPCA partnered with a manufacturer to develop a bait station** that reflects the University of California's recommended design elements for optimal placement in trees.

To **claim your free bait stations** or to place additional orders, simply scan the QR code.

CROP STEWARD AVAILABLE FOR GENERAL USE AND RAT MONITORING

CAPCA has unlocked the Crop Steward scouting app for all PCAs. Use it to keep field notes and report local issues—such as pest activity or gaps in pest management tools.

Available Now: **a new enhancement** provides baseline monitoring of rat populations by aggregating crowdsourced reports from PCAs statewide and displaying them as an **anonymized county-level heat map**. Your data will help demonstrate real field impacts and support informed decision-making.

- Sign up for a free account at **CropSteward.com**
- Start inputting data right away (all data is anonymized to the county level)
- Even if you don't have rats, your data is still valuable to the tracking system!
